INDEX TO VOLUME 23

PAGE

Alkaptonuria in an infant; J. B. Bilderback 259
Anemia, idiopathic, aplastic, report of case in child 4 years old; marked improvement from transfusion; C. Herrman 484
Apples, antiscorbutic property of fruits; an experimental study of apples and bananas; M. H. Givens, H. B. McClugage and E. G. Van Horne 210
Aschner, P. W., and Heiman, H.: Aspiration of stearate of zinc in infancy 503

Bacteriolysant therapy of bacillary dysentery in children, therapeutic application of bacteriolysants; D'Herelle's phenomenon; W. C. Davison 531
Bananas, antiscorbutic property of fruits; experimental study of apples and bananas; M. H. Givens, H. B. McClugage and E. G. Van Horne 210
Bartlett, F. H.: Indications for removal of spleen in infants and children .. 283
Bilderback, J. B.: Alkaptonuria in an infant 259
Biliary atresia, respiratory exchange in case of; G. B. Fleming 66
Blanchard, M. E., and others: Studies of infant feeding; bacteriochemical study of acid stools excreted by breast-fed and bottle-fed infants ... 323
Book Reviews:
Therapeutisches Vademekum fur die Kinderpraxis; H. Kleinschmidt 470
Ueber Klinik und Epidemiologie der Pertussis; D. Pospischill 470
Borovsky, M. P., and Calvin, J. K.: Results following administration of alkali phosphates to spasmophilic, rachitic and normal infants 238
Spasmophilia and alkali reserve of blood 493
Bosworth, A. W., and Brown, E. W.: Studies of infant feeding; bacteriologic study of feces and food of normal babies receiving breast milk .. 243
and others: Studies of infant feeding; bacteriochemical study of acid stools excreted by breast-fed and bottle-fed infants 323
Boyd, G.: Nephritis in children 375
Brown, E. W., and Bosworth, A. W.: Studies of infant feeding; bacteriologic study of feces and food of normal babies receiving breast milk. 243
and others: Studies of infant feeding; bacteriochemical study of acid stools excreted by breast-fed and bottle-fed infants 323
Bruce, J. W., and Graves, S.: Respiratory obstruction resulting in death ... 438

Calvin, J. K., and Borovsky, M. P.: Results following administration of alkali phosphates to spasmophilic, rachitic and normal infants 238
Spasmophilia and alkali reserve of blood 493
Casparis, H. R., and Happ, W. M.: Value of intracutaneous tuberculin test in extensive tuberculosis 527
Cheney, G. W. H., and Regan, J. C.: Value of routine use of colloidal gold reaction in acute epidemic poliomyelitis 107
Chlorin content of cows' and goats' milk and formulas commonly used in infant feeding; W. R. Sisson and W. Denis 431
Colloidal gold reaction in acute epidemic poliomyelitis, value of; J. C. Regan and G. W. H. Cheney 107
Cooke, J. V.: Active immunization of nurses against diphtheria in a children's hospital 496
Cutaneous sensitization, value of cutaneous sensitization tests employed in eczema and papular urticaria of childhood; D. M. Sidlick and F. C. Knowles 316

Daniels, A. L.: Can yeast be used as a source of antineuritic vitamin in infant feeding? 41
Davies, G. R.: Prophylactic and therapeutic value of pertussis vaccine 423
Davison, W. C.: Bacteriolysant therapy of bacillary dysentery in children, therapeutic application of bacteriolysants; D'Herelle's phenomenon .. 531
Denis, W., and Sisson, W. R.: Chlorin content of cows' and goats' milk and formulas commonly used in infant feeding 431
Diphtheria, active immunization of nurses against diphtheria in a children's hospital; J. V. Cooke 496
gangrene of feet following diphtheria, report of a case; M. B. Gordon and B. Newman 142

PAGE

Donnelly, J. D., and Gittings, J. C.: Clinical value of intraperitoneal injections of salt solution ... 124
Dysentery, bacteriolysant therapy of bacillary dysentery in children, therapeutic application of bacteriolysants; D'Herelle's phenomenon; W. C. Davison ... 531

Eczema in breast-fed infants as a result of sensitization to foods in mother's dietary; W. R. Shannon ... 392
value of cutaneous sensitization tests employed in eczema and papular urticaria of childhood; D. M. Sidlick and F. C. Knowles ... 316
Edmands, G. H., and Gray, H.: Indices of state of nutrition in children ... 226
Eldridge, C. J., and McNeal, M. D.: Presence of formic acid in urine of infants and older children ... 419
Empyema, bacteriologic studies of 165 cases of pneumonia and postpneumonic empyema in infants and children; A. B. Lyon ... 72
Exanthem, an unusual exanthem occurring in infants; R. M. Greenthal ... 63
peculiar eruptive disease occurring in infancy; J. H. Park, Jr., and J. C. Michael ... 521

Fales, H. L., and Holt, L. E.: Food requirements of children; fat requirement 471
Fat requirement of children; L. E. Holt and H. L. Fales ... 471
Feces, bacteriochemical study of acid stools excreted by breast-fed and bottle-fed infants; A. W. Bosworth, H. K. Wilder, M. E. Blanchard, E. W. Brown and M. F. McCann ... 323
studies of infant feeding; bacteriologic study of feces and food of normal babies receiving breast milk; E. W. Brown and A. W. Bosworth ... 243
Feldman, W. M.: Nature of plantar reflex in early life and causes of its variations ... 1
Fleming, G. B.: Respiratory exchange in case of biliary atresia ... 66
Florence, L.: Hematomas in heart valves of calves ... 132
Food requirements of children; fat requirement; L. E. Holt and H. L. Fales 471
Formic acid in urine of infants and older children; M. D. McNeal and C. J. Eldridge ... 419
Fruits, antiscorbutic property of fruits; experimental study of apples and bananas; M. H. Givens, H. B. McClugage and E. G. Van Horne ... 210

Gangrene of feet, report of case following diphtheria; M. B. Gordon and B. Newman ... 142
Gittings, J. C., and Donnelly, J. D.: Clinical value of intraperitoneal injections of salt solution ... 124
Givens, M. H., McClugage, H. B., and Van Horne, E. G.: Antiscorbutic property of fruits; experimental study of apples and bananas ... 210
Gordon, M. B., and Newman, B.: Gangrene of feet following diphtheria ... 142
Graves, S., and Bruce, J. W.: Respiratory obstruction resulting in death ... 438
Gray, H.: Sitting-height and stem-length in private school boys ... 406
and Edmans, G. H.: Indices of state of nutrition in children ... 226
Greene, C. H.: Chronic diffuse nephritis in childhood ... 183
Greenthal, R. M.: Unusual exanthem occurring in infants ... 63

Hamburger, F.: Frequency of tuberculosis in childhood ... 481
Happ, W. M., and Casparis, H. R.: Value of intracutaneous tuberculin test in extensive tuberculosis ... 527
Heart, hematomas in heart valves of calves; L. Florence ... 132
Height, sitting-height and stem-length in private school boys; H. Gray ... 406
Heiman, H., and Aschner, P. W.: Aspiration of stearate of zinc in infancy 503
Heller, V. G., Nelson, V. E., and Lamb, A. R.: Vitamin requirement of various species of animals; production and cure of xerophthalmia in suckling ... 518
Helmholz, H. F., and Millikin, F.: Bacteriology of normal infant's urine ... 309
Hematomas in heart valves of calves; L. Florence ... 132
Herrman, C.: Idiopathic aplastic anemia ... 484
Holt, L. E., and Fales, H. L.: Food requirements of children; fat requirement ... 471

Infant feeding; bacteriochemical study of acid stools excreted by breast-fed and bottle-fed infants; A. W. Bosworth, H. K. Wilder, M. E. Blanchard, E. W. Brown and M. F. McCann ... 323

PAGE

feeding, can yeast be used as a source of antineuritic vitamin in infant feeding? A. L. Daniels 41
feeding, studies of infant feeding; bacteriologic study of feces and food of normal babies receiving breast milk; E. W. Brown and A. W. Bosworth 243

Kaiser, A. D.: Effect of tonsillectomy on nutrition in 1,200 children 139
Knowles, F. C., and Sidlick, D. M.: Value of cutaneous sensitization tests employed in eczema and papular urticaria of childhood 316

Lamb, A. R., Heller, V. G., and Nelson, V. E.: Vitamin requirement of various species of animals. III. Production and cure of xerophthalmia in suckling 518
Lyon, A. B.: Bacteriologic studies of 165 cases of pneumonia and post-pneumonic empyema in infants and children 72

McCann, M. F.: Studies of infant feeding; bacteriochemical study of acid stools excreted by breast-fed and bottle-fed infants 323
McClugage, H. B., Van Horne, E. G., and Givens, M. H.: Antiscorbutic property of fruits; experimental study of apples and bananas 210
McCollum, E. V., and others: Is there more than one kind of rickets? 91
McNeal, M. D., and Eldridge, C. J.: Presence of formic acid in urine of infants and older children 419
Measurement of children; sitting-height and stem-length in private school boys; H. Gray 406
Michael, J. C., and Park, J. H., Jr.: Peculiar eruptive disease occurring in infancy 521
Michael, M.: Résumé of literature (1920) on tuberculosis in children 146
Milk, chlorin content of cows' and goats' milk and formulas commonly used in infant feeding; W. R. Sisson and W. Denis 431
Millikin, F., and Helmholz, H. F.: Bacteriology of normal infant's urine ... 309

Nelson, V. E., Lamb, A. R., and Heller, V. G.: Vitamin requirement of various species of animals; production and cure of xerophthalmia in suckling 518
Nephritis, chronic, diffuse, in childhood, report of case with review of literature; C. H. Greene 183
in children; G. Boyd 375
Newman, B., and Gordon, M. B.: Gangrene of feet following diphtheria 142
Nutrition, indices of state of nutrition in children; H. Gray and G. H. Edmands 226

Park, E. A., and others: Is there more than one kind of rickets? 91
Park, J. H., Jr., and Michael, J. C.: Peculiar eruptive disease occurring in infancy 521
Peshkin, M. M., and Rost, W. L.: Incidence of protein sensitization in the normal child 51
Phosphates, results following administration of alkali phosphates to spasmophilic, rachitic and normal infants; J. K. Calvin and M. P. Borovsky 238
Plantar reflex, nature of, in early life and causes of its variations; W. M. Feldman 1
Pneumonia, bacteriologic studies of 165 cases of pneumonia and post-pneumonic empyema in infants and children; A. B. Lyon 72
Poliomyelitis, value of routine use of colloidal gold reaction in acute epidemic poliomyelitis; J. C. Regan and G. W. H. Cheney 107
Pratt, G. P.: Congenital tuberculosis with report of case 88
Protein sensitization, incidence of, in the normal child; M. M. Peshkin and W. L. Rost 51
tests, value of cutaneous sensitization tests employed in eczema and papular urticaria of childhood; D. M. Sidlick and F. C. Knowles 316
Pyloric stenosis, healing of hypertrophic pyloric stenosis after Fredet-Rammstedt operation; M. Wollstein 511

Rachitis, is there more than one kind? P. G. Shipley, E. A. Park, E. V. McCollum and N. Simmonds 91
results following administration of alkali phosphates to spasmophilic, rachitic and normal infants; J. K. Calvin and M. P. Borovsky 238

PAGE

Reflex, nature of plantar reflex in early life and causes of its variations; W. M. Feldman 1
Regan, J. C., and Cheney, G. W. H.: Value of routine use of colloidal gold reaction in acute epidemic poliomyelitis 107
Respiratory diseases, review of literature from January, 1920, to June, 1921; P. M. Stimson 261, 338
exchange in case of biliary atresia; G. B. Fleming 66
obstruction resulting in death, case report with necropsy findings; J. W. Bruce and S. Graves 438
Rost, W. L., and Peshkin, M. M.: Incidence of protein sensitization in the normal child 51

Salt solution, clinical value of intraperitoneal injections; J. C. Gittings and J. D. Donnelly 124
Shannon, W. R.: Eczema in breast fed infants as a result of sensitization to foods in mother's dietary 392
Shipley, P. G., and others: Is there more than one kind of rickets? 91
Sidlick, D. M., and Knowles, F. C.: Value of cutaneous sensitization tests employed in eczema and papular urticaria of childhood 316
Simmonds, N., and others: Is there more than one kind of rickets? 91
Sisson, W. R., and Denis, W.: Chlorin content of cows' and goats' milk and formulas commonly used in infant feeding 431
Sitting-height and stem-length in private school boys; H. Gray 406
Spasmophilia and alkali reserve of blood; J. K. Calvin and M. P. Borovsky 493
results following administration of alkali phosphates to spasmophilic, rachitic and normal infants; J. K. Calvin and M. P. Borovsky 238
Splenectomy, indications for, in infants and children; F. H. Bartlett 283
Stimson, P. M.: Review of literature on respiratory diseases from January, 1920, to June, 1921 ..... 261, 338
Syphilis, review of literature of, in infancy and childhood; P. J. White..442. 535

Tonsillectomy, effect of, on nutrition in 1,200 children; A. D. Kaiser 139
Tuberculin, value of intracutaneous tuberculin test in extensive tuberculosis; W. M. Happ and H. R. Casparis 527
Tuberculosis, congenital, with report of case; G. P. Pratt 88
in childhood, frequency of; F. Hamburger 481
in children, résumé of literature (1920); M. Michael 146

Urine, bacteriology of normal infant's urine; H. F. Helmholz and F. Millikin 309
presence of formic acid in urine of infants and older children; M. D. McNeal and C. J. Eldridge 419
Urticaria, value of cutaneous sensitization tests employed in eczema and papular urticaria of childhood; D. M. Sidlick and F. C. Knowles 316

Van Horne, E. G., Givens, M. H., and McClugage, H. B.: Antiscorbutic property of fruits; experimental study of apples and bananas 210
Vitamin requirement of various species of animals; production and cure of xerophthalmia in suckling; V. E. Nelson, A. R. Lamb and V. G. Heller 518

White, P. J.: A review of literature of syphilis in infancy and childhood. 442, 535
Whooping cough, prophylactic and therapeutic value of pertussis vaccine; G. R. Davies 423

Wilder, H. K., and others: Studies of infant feeding; bacteriochemical study of acid stools excreted by breast-fed and bottle-fed infants 323
Wollstein, M.: Healing of hypertrophic pyloric stenosis after Fredet-Rammstedt operation 511

Xerophthalmia, vitamin requirement of various species of animals; production and cure of xerophthalmia in suckling; V. E. Nelson, A. R. Lamb, and V. G. Heller 518

Yeast, can yeast be used as a source of antineuritic vitamin in infant feeding? A. L. Daniels 41

Zinc stearate, aspiration of stearate of zinc in infancy, clinical and experimental study; H. Heiman and P. W. Aschner 503
